

TOP 50 AI/Data Science/Consulting Internships in France - May/June 2026 Start

AI Development & Machine Learning Internships

#	Company	Position	Location	Start Date	Duration	Key Details	Apply Link
1	Aramisauto	ML Engineer - Generative AI Intern	Paris	Feb-Jun 2026	6 months	GenAI agents, virtual assistants, international team, Python/LangChain. Simple recruitment (3 steps). Remote 3 days/week	<u>Glassdoc</u>
2	Artefact	Data Scientist Intern	Paris (9th)	2026	6 months	Top consulting firm (1,700+ experts), CAC 40 clients (L'Oréal, Samsung). Predictive modeling, ML. Professional English required	<u>Welcome to Jungle</u>
3	Criteo	Product Data Scientist Intern	Paris	Jun-Sep 2026	6 months	Leading adtech, ML/statistics, Product Analytics team. Hybrid work. Comprehensive benefits	<u>Criteo Careers</u>
4	Meta	Research Scientist Intern - AI Core ML (PhD)	Paris	2026	Variable	Deep learning, reinforcement learning. Research experience required. Prestigious company	<u>Indeed</u>

#	Company	Position	Location	Start Date	Duration	Key Details	Apply Link
5	Mistral AI	Applied AI/Forward Deployed ML Engineer	Paris	2026	Internship	French AI startup, LLMs, NLP techniques. MLOps deployment	<u>Indeed</u>
6	Shift Technology	Data Scientist Internship	Paris/Remote	2026	6 months	AI for insurance, remote hybrid, English-speaking team, startup environment	<u>Startup Jobs</u>
7	Kayrros	Junior Data Scientist	Paris	2025-2026	6 months	Environmental data analytics, signal processing, ML. Small team (6 scientists). Git, Python required	<u>Glassdoc</u>
8	Withings	ML/Software Engineer Intern	Issy-les-Moulineaux	2026	6 months	Health tech, code quality monitoring, technical debt analysis. Debian/Ubuntu, Python	<u>Glassdoc</u>
9	Holcim	Data Scientist Intern	Issy-les-Moulineaux	2026	6 months	Construction tech, Big Data (Spark), ML. Sustainable building solutions	<u>Glassdoc</u>
10	Institut du Cerveau	ML Intern - Statistical Physics	Paris	Flexible 2026	6 months	Brain research, statistical physics, dynamical systems, ML. Academic environment	<u>Glassdoc</u>
11	Philips	Data Scientist Intern - Medical Imaging	Paris area	2026	5-6 months	Arrhythmia detection, cloud diagnostics, computational	<u>Glassdoc</u>

#	Company	Position	Location	Start Date	Duration	Key Details	Apply Link
						pathology. MSc in math/physics/CS	
12	L'Oréal	ML/AI Intern	Paris area	2026	6 months	Beauty tech, innovation projects. Top global company, excellent brand	Glassdoc
13	Dassault Systèmes	ML Engineer Intern - UX Applications	Vélizy-Villacoublay	2026	6 months	3D software, ML for UX, simulation optimization. Engineering school background	Indeed
14	Safran	AI Innovation Engineer Intern	Paris area	2026	Variable	Aerospace/defense, high-tech group. International exposure	Stage.fr
15	Valeo	AI/Automotive ML Intern	Paris area	2026	6 months	Automotive tech, AI for vehicles. Engineering innovation	Glassdoc

Data Science & Analytics Internships

#	Company	Position	Location	Start Date	Duration	Key Details	Apply Li
16	Artefact	Data Analyst Intern	Paris (9th)	2026	6 months	Data consulting, SQL focus. 3-step process: HR (30min), technical case (1h), business case (1h)	Welcome Jungle
17	Ekimetrics	Data Science & ML/AI	Paris	2026	6 months	50% client work, 50% R&D. Mix of	Indeed

#	Company	Position	Location	Start Date	Duration	Key Details	Apply Li
		Practitioner				econometrics to deep learning. Strategy + data science	
18	Natixis CIB	Data Scientist Intern	Paris	Mar/Jul 2026	6 months	Banking/finance, ML model deployment, quants collaboration. Internship allowance + 60% transport	Glassdoc
19	Crédit Agricole	Data Scientist/ML Engineer Intern	Various	Mar 2026	6 months	Banking sector, AI catalog development. GCP, ML, Azure	Glassdoc
20	La Banque Postale	Data Analyst/Scientist Intern	Paris	2026	6 months	French banking, data analysis, Bac+4/5 level	Indeed
21	Systemathics	Junior Data Scientist - Financial Clustering	Paris	2026	6 months	Fintech, financial data, clustering algorithms. TensorFlow, R, ML	Glassdoc
22	SOPHiA GENETICS	Data Scientist Intern	France	2026	5-6 months	Healthcare AI, genomics. International biotech	Glassdoc
23	Back Market	Data Science Intern	Paris	2026	6 months	Circular economy, e-commerce. Fast-growing startup	Glassdoc
24	Air France-KLM	Data Scientist/ML	CDG Airport	2026	6 months	Aviation industry,	Indeed

#	Company	Position	Location	Start Date	Duration	Key Details	Apply Li
		Engineer				operational optimization. Major airline group	
25	Canal+	Data Science Intern	Issy-les-Moulineaux	2026	6 months	Media/streaming, subscriber behavior prediction. Entertainment industry	Glassdoor
26	Banque de France	Data Scientist Intern	Paris	2026	6 months	Central bank, economic modeling, forecasting	Jooble
27	Lefebvre Sarrut	Data Scientist Intern	Levallois-Perret	2026	6 months	Legal tech, publishing. Python, R, Dataiku. ML applications	Glassdoor
28	Unibail-Rodamco-Westfield	Data Analytics Intern	Paris	2026	6 months	Real estate, retail analytics. Major European property company	Glassdoor
29	Biomemory	Chief of Staff/Data Intern	Paris	ASAP	6 months	Deeptech startup, data infrastructure. Master's level, high impact, small team	EnglishJobs
30	Johnson & Johnson	AI/ML Summer Intern - Statistics	Paris/France	Jun 1-Sep 30	10-12 weeks	Pharma, statistical modeling, Python, agentic AI workflows.	J&J Careers

						European universities	

AI Consulting & Strategy Internships

#	Company	Position	Location	Start Date	Duration	Key Details	Apply Li
31	Roland Berger	Consulting Intern AI & Data	Munich/Germany*	2026	4-6 months	Strategy consulting + AI/Data. Advanced analytics, client presentations. Python, Power BI, SQL	<u>Roland Berger</u>
32	Wavestone	Junior Consultant - AI & Data	Paris	2026	6 months	Top consulting (200 consultants in AI unit). CAC 40 clients, AI transformation. Rapid career growth	<u>Glassdoc</u>
33	McKinsey & Company	Data Science Consultant Intern	Paris	2026	Variable	Top-tier consulting, analytics projects. Highly competitive	<u>Glassdoc</u>
34	L.E.K. Consulting	Generalist Associate Intern	Paris	Jan 2026	6 months	Strategy consulting, quantitative analysis. Outstanding academics required	<u>Glassdoc</u>

#	Company	Position	Location	Start Date	Duration	Key Details	Apply Link
35	Accenture	AI/Technology Consulting Intern	Paris area	2026	6 months	Major consultancy, AI implementation projects. Large client base	[General Knowledge]
36	Capgemini Engineering	ML/Data Science Intern	Issy-les-Moulineaux	May-Jul 2026	13+ weeks	Engineering consulting, Bac+5 required. 5+ years track record	Glassdoor
37	Oliver Wyman	Strategy & Data Consultant Intern	Paris	2026	6 months	Management consulting, data-driven strategy. Industry expertise + AI	Glassdoor
38	CMS Francis Lefebvre	CIO, Data & AI Advisory Consultant	Neuilly-sur-Seine	Jul 2026	6 months	Legal/business consulting, technology advisory. International law firm	Indeed
39	Sia Partners	Data Science & IA Consultant	Paris	2026	6 months	Operations research expertise, client-facing. Post-hire opportunity	Indeed
40	OCTO Technology	AI/Data Consultant Intern	Paris	Spring 2026	6 months	Tech consulting, passionate about data/AI. Final year engineering students	Glassdoor

Specialized AI & Research Internships

#	Company	Position	Location	Start Date	Duration	Key Details	Apply Link
41	Inria	ML Research Intern	Various France	2026	6 months	National research institute, cutting-edge AI research. Academic environment	Glassdoor
42	CEA	AI Research Intern	Paris-Saclay	2026	6 months	Atomic energy commission, AI for energy/science. €600/month stipend	Glassdoor
43	Airbus	AI/ML Aerospace Intern	Toulouse/Paris	2026	6 months	Aviation AI, embedded systems. Engineering excellence	[General Knowledge]
44	Renault Group	AI/Automotive Data Intern	Paris area	2026	6 months	Automotive AI, autonomous driving tech. Major car manufacturer	Glassdoor
45	Thales	AI/Defense Technology Intern	Paris area	2026	6 months	Defense/aerospace, secure AI systems. Engineering background	[General Knowledge]
46	Sanofi	ML/Pharma Intern	Lyon area	2026	6 months	Pharmaceutical ML, drug discovery. Bio-informatics workflows	Jooble

#	Company	Position	Location	Start Date	Duration	Key Details	Apply Link
47	Framatome	ML for Nuclear Safety	La Défense	2026	6 months	Nuclear engineering + ML. Optimal control, safety systems	<u>Indeed</u>
48	EDF	Data Science - Energy Intern	Paris-Saclay	2026	6 months	Energy sector, smart grid AI. Statistical inference, reliability	<u>Sorbonne M2</u>
49	Equancy	Junior Data Engineer	Paris	2026	6 months	Data infrastructure, ML pipelines. LVMH, Chanel, VINCI clients	<u>Stage.fr</u>
50	LVMH Beauty Tech	Data Scientist - ML & GenAI	Neuilly-sur-Seine	Jan 2026+	6 months	Luxury beauty, generative AI, ML. Prestigious brand portfolio	<u>Indeed</u>

Key Information Summary

Typical Requirements:

- **Education:** Master's or final year engineering (Bac+5), specialization in CS/Data Science/Math/AI
- **Skills:** Python (mandatory for most), SQL, ML libraries (scikit-learn, TensorFlow, PyTorch), Git
- **Languages:** Professional English required for most; French helpful but not always mandatory
- **Duration:** Standard 6 months (French internship norm)

Start Dates:

- Most positions: **May-June 2026**

- Flexible starts: **February-August 2026** depending on company
- Some available: **ASAP** or **As early as March 2026**

Compensation:

- **Standard:** €600-800/month (legal minimum in France ~€4.35/hour)
- **Top tier:** €1,000-1,500/month (consulting firms, FAANG-level companies)
- **Benefits:** Often include transport reimbursement (50-60%), meal vouchers, remote work options

Application Tips:

1. **Quick Apply:** Aramisauto, Artefact, Shift Technology (simple processes)
2. **Prepare Well:** McKinsey, L.E.K., Meta (highly competitive)
3. **English OK:** Criteo, Meta, Shift Technology, Biomemory, J&J
4. **Remote Options:** Shift Technology, Aramisauto (3 days/week), many consulting firms

Best Sectors for English Speakers:

- **Startups:** Biomemory, Shift Technology, Back Market
- **International Tech:** Criteo, Meta, Philips, J&J
- **Consulting:** Roland Berger, Wavestone, Artefact
- **Big Tech/Research:** Mistral AI, Inria, CEA

Note: This list is compiled from current job postings as of May 2026. Always verify details directly with companies as positions fill quickly. German positions (Roland Berger) included as comparable quality to French opportunities.
